78 MEN AND BOYS KILLED IN MINE DISASTER

**BROKEN ELECTRIC WIRE TOUCHES OFF
TWELVE KEGS OF GIANT POWDER AND
MEN AND BOYS ARE BLOWN TO ATOMS**

GREAT DISASTER AT WILKESBARRE, PA., OCCURS THURSDAY MORNING DUE TO CARELESSNESS AND VIOLATION OF STATE LAW GOVERNING MINE OPERATION

MOST OF THIRTY-ONE INJURED WILL SUCCUMB

BRAVE RESCUE PARTIES FIGHT FIRE WHICH FOLLOWED EXPLOSION NEAR ENTRANCE OF TUNNEL AND SAVE MANY OF THOSE FRIGHTFULLY INJURED.

WILKESBARRE, PA., JUNE 5. — (Associated Press)—Seventy-eight men lost their lives in the Baltimore No. 2 tunnel of the Delaware & Hudson Coal Company explosion and fire today, and 31 were injured, according to a list given out by the company officials at noon today.

Forty-one bodies have been identified and 37 remain unidentified. The company's injured list is not complete, however.

The disaster is, with one exception, the greatest that has ever occurred in this vicinity.

More than 100 mine workers were riding to their work crowded into what is known as a "trip" of mine cars drawn by an electric motor. The rear car carried 12 kegs of black powder. The trolley wire snapped when the train had gone 200 feet from the entrance. The wire sputtered and fizzled and the sparks touched off the powder. The terrified men on the cars instantly were aware of the danger confronting them but stood powerless to avert it.

There was a roar and in an instant every man and boy on the train was either dead or dying. Terribly mangled bodies were found everywhere by the rescue crews which instantly rushed into the mine. Fire fighters working frantically succeeded in a short time in subduing the flames which followed the explosion.

MANY WILL DIE

Then came the gruesome work of taking out dead and injured.

Those who had not already succumbed were so badly burned that in nearly every case death is a matter of only a short time.

Carelessness and violation of the mine laws of the state caused the great loss of lives. One of the most drastic provisions of the mine code is the section forbidding transportation of men on a car or train carrying explosives.

East End last night was the scene of great gaiety. That section of the city welcomed home its soldier boys. Bands were out, flags were flying, people laughed and shouted. Within twelve hours all was changed. Some of the soldiers had their joy turned into despair for their fathers are among the dead.

SMALL POWERS WIN A VICTORY ON ARMAMENTS

Limitation of Armament of New States will be Lifted.

(By Associated Press)
Paris, June 5.—The small powers have won a victory in their opposition to the limitation of armaments of the new states created from the former Austro-Hungarian empire as incorporated in the Austrian treaty.

The Council of Four has decided to eliminate the provisions for such limitation.

DIPLOMATIC LEAK CAUSE OF CLASHES

Stormy Debate in Senate Due to Reported "Leak" in Treaty Terms.

SENATORS ARE ANGRY

Hitchcock Declares Reports Merely Attack Upon Treaty and Nothing Else.

(By Associated Press)
Washington, June 5.—The leak in diplomatic channels through which it has been charged copies of the unpublished peace treaty with Germany reached certain interests in New York, was the subject of another stormy debate today in the Senate.

Senator Hitchcock of Nebraska, ranking democrat of the foreign relations committee, in calling up his resolution for an investigation of all facts in the case, declared the statements of Senator Lodge of Massachusetts and Borah of Idaho, republican members of the committee, regarding the presence of copies in New York, constituted a "monstrous charge."

"If this charge had been made in the interest of the public and not merely in order to attack the treaty the Senators making it would have demanded senatorial investigation," he said. The speech drew hot replies from both Mr. Lodge and Mr. Borah.

CINCINNATI OPPOSED

(By Associated Press)
Columbus, O., June 5.—Opinion prevails that Cincinnati is not to get the new proposed \$650,000 institution for the feeble-minded, as originally supposed. Several other cities are putting in bids for it.

Akron is known to be after it and board of administration members are said to regard that city as an excellent location. It has the advantage of being in the middle of the populous section of the state.

Another city trying to get the institution is Portsmouth.

Wilson Soon to Visit Brussels

Paris, June 5. — (Associated Press) — President Wilson is likely to go to Brussels next week on his long deferred visit to Belgium, but the specific dates mentioned in Brussels dispatches are characterized here as inaccurate. There is as yet no intimation as to the date the President plans to sail for America.

SAYS PACKERS SHOULD BE KEPT IN OLD FIELDS

Insists Danger of Food Control is Threatened.

Colver Addresses the Wholesale Grocers.

(By Associated Press)
Cincinnati, O., June 5.—Wm. Colver, chairman of the federal trade commission in speaking before the National Wholesale Grocers' Association Convention today advocated the meat packers of the country be limited to the field of meat packing and to the manufacture of packing house by-products.

"The commission has found that a meat trust exists," he said. "It finds that these great concerns are rapidly extending their control over the whole food supply of the nation and I believe it is only a matter of time until, unless present tendencies are stopped, when these five concerns are perhaps one or two of them which openly or secretly absorb the others, will absolutely dictate to the people of this country what they shall eat and what they shall pay for what they eat."

OFFERS 50,000 TO AVIATORS

(By Associated Press)
Venice, California, June 5.—An offer of \$50,000 as prize money for aviators who will attempt a flight from this city to Australia was made today by Thomas Ince, motion picture producer.

SUFFRAGISTS TURN EFFORTS UPON STATES

May Obtain Ratification So Women May Vote at Next Presidential Election.

Three Fourths of States Must Ratify.

(By Associated Press)
Washington, June 5.—With their fight in congress won after nearly 40 years of effort, advocates of women suffrage today turned their attention to the various state legislatures, three-fourth of which must ratify the amendment before victory can be won.

Although supporters of the measure were jubilant opinion among leaders was divided as to whether ratification by the states can be secured in time for women all over the country to vote in the next presidential election.

SAYS EUROPEAN SITUATION IS VERY SERIOUS

(By Associated Press)
Washington, June 5.—Frank A. Vanderbilt, former president of the National City Bank of New York, told the Pan-American conference here today that trading between South America and Europe "could not be resumed as formerly for some time to come as the situation overseas is more serious than has been grasped on this continent, or even by a large proportion of the Europeans themselves."

WILL DEPORT MANY ALIENS

(By Associated Press)
Washington, June 5.—Many of the aliens now being caught in the dragnet thrown out by federal and municipal police as result of bomb outrages Monday night, may be deported. It became known that records in the cases of all those arrested who cannot be connected with the bomb plots are being turned over to the Department of Labor and deportation of at least 50 alien agitators is recommended.

DEFINITE ASSURANCE THAT TREATY TERMS ARE TO BE MODIFIED

Wilson, Clemenceau and Lloyd George Favor Fixing Exact Sum Huns are to Pay.

MAY BE 25 BILLION

Austrian People Indifferent as to Result of Treaty That Brings Peace.

(By Associated Press)
Austria's attitude toward the peace terms presented her representatives on Monday has not been officially made known to the Allies.

Advices from Vienna, however, carry reports of official dissatisfaction with the provisions and a chorus of newspaper disapprobation. There are indications, nevertheless, that the people as a whole are somewhat lethargic.

Completion of the Austrian treaty, several clauses of which were missing in Monday's presentation, is not likely to occur this week, although the peace conference leaders are giving daily attention to the matter. The missing clauses, it is said, will be transmitted to the Austrian representatives by note as they become completed.

Modifications in the terms of peace with Germany seem to be approaching definite form, according to Paris advices. These alterations, it is said, are not planned primarily to make the terms lighter for the Germans, but to make them easier of execution. Apparently there is a disposition on the part of President Wilson, Premier Lloyd George and Premier Clemenceau to fix a definite sum of approximately twenty-five billion dollars as the amount of indemnity Germany will be called upon to pay, and it seems possible that the first installment of about five billion dollars may not have to be paid within two years, as now stipulated, but within four years.

The terms relative to Silesia and the Saar region also may be answered. There seems, however, to be a general agreement that Germany will not be permitted to enter the League of Nations at once.

Premier Orlando is standing aloof from these discussions, as Italy's interest is not so much in the German as the Austrian treaty.

The establishment of the Rhenish republic by the people of the Rhineland provinces of Germany is not looked upon seriously in American circles at the peace conference, it is said.

Jugo-Slav forces which are invading the province of Carinthia are reported to be advancing against the Austrians.

The reported capture of Petrograd, which was announced early this week, seems to be without foundation. Estonian forces are quite a distance west of Petrograd and are being subjected to heavy attacks by Bolsheviks over a wide front.

Washington, June 5. — Delegates attending the annual convention of the Anti-Saloon League of America were promised today by Senator Shepard of Texas that sale of any beverages containing even a trace of alcohol would be prohibited by laws now being framed for enforcement of nation-wide prohibition.

SPECIFIC SUM AUSTRIA IS TO PAY, NOT FIXED

(By Associated Press)
Paris, June 5.—The financial clause of the Austrian terms as completed, it is said, fixes no specific sum as reparation payment. The question is left to a commission which will examine the resources of Austria and determine the amount of payment.

What's Service, Anyway?

Service is a word much used and woefully abused. "Service" to us means just this: Satisfaction,—what you want when you want it, in the best possible manner.

That's just the reason we are selling the **U S L Battery**. It gives satisfaction and all users of **U S L Batteries** are assured of careful service from us, for we are anxious to make your battery outlive its factory guarantee of fifteen months. The **U S L** exclusively uses Machine Pasted plates, and that's a feature you should know more about.

FRENCH AND U. S. WELTERS BOX DRAW IN ARCHANGEL

Sergt. Anthony Choike, H. Q. Co. 339th, U. S. Infantry, at left, and G. Pionnier of French army sparring. One of the big sporting events in the lives of the allied forces in Archangel was the bout between Sergt. Anthony Choike, H. Q. Co. 339th, U. S. Infantry, and G. Pionnier of the French forces. Choike is the welterweight champion of the 85th division and Pionnier is one of the best welters in the French service. The bout was a three-round affair and was staged in the Y. M. C. A. It ended in a draw. The men of the 339th are mostly from Michigan and Wisconsin.

BADLY INJURED BY ANGRY BULL

Charles Holland, residing near Johnson's Crossing, five miles east of this city, is recovering from severe injuries inflicted by an angry bull which probably would have gored him to death had Mr. Holland not succeeded in reaching a wagon standing in the lot where the attack took place. Mr. Holland was in the act of passing the animal, which he recently had purchased, when it attacked him without warning, knocking him down and inflicting a severe wound across his body where its murderous horn struck him. The animal then trampled him and endeavored to pin him down with its sharp horns.

Realizing the gravity of his position Mr. Holland seized a ring in the maddened brute's nose and succeeded in reaching his feet. The bull jerked free of the hold and when Mr. Holland attempted to get away it charged him once more, knocking him down and trampling him. Again Mr. Holland seized the ring and scrambled to his feet. Being only a few feet from the wagon he leaped to safety as the bull was preparing for a third attack.

TRAFFIC TIED UP BY A DERAILMENT

Traffic on the Wellston division of the B. & O. railroad at this point was tied up for several hours. Wednesday night, when the drivers of a B. & O. freight engine left the rails back of the Fayette Canning Company's plant necessitating the summoning of the wreck train before it could be replaced and traffic restored. The engine was in the act of backing a long train of cars when the derailment occurred. The mishap took place about eight o'clock and the Court street crossing was blocked for more than one hour. The D. T. & I. and Pennsylvania lines were closed to traffic for some time as result of the stranded train.

INITIAL PERFORMANCE KATCHA-KOO TONIGHT

With a large number of popular young people composing the cast, the first performance of "Katcha-Koo" under the auspices of St. Andrews Guild, will be given tonight at the

High School Auditorium at 8:30. The cast, the director, and the various committees have worked hard to make the play a success and a performance is promised that will equal any of the far east.

"Katcha-Koo" combines the mysteries of the far east with the practicality and patriotism of America. In the first act there are scores of pretty young ladies garbed in the silken turbans and bewitching draperies of the far east, while over all is the strange spell cast by the Oriental mystic, "Katcha-Koo." Colorful stage pictures, excellent voices, attractive dancing, stunning costumes and exquisite stage settings all combine to make "Katcha-Koo" a pleasing and attractive play, which will delight Washington playgoers.

OVER THE TOP

(Communicated.)

Washington has boasted of going over the Top—in the Liberty Loans—War Chest—and Red Cross. Why not go over the top in closing the stores for a half day on Wednesdays. The Banks, Dentists and Insurance offices are doing so why not the dry goods, butchers and Grocers. No doubt the majority are in favor of it but are held back by a few who cannot see it that way, let all get together and go over the top and close up on Wednesdays at noon for the months of June, July, August and September.

GOITRE

Of 24 Years Removed By External Home Treatment For Dayton Ohio Lady.

Mrs. G. A. Harned, 218 Gettysburg Ave., Dayton, Ohio, says in her own home paper, The Dayton News: "I would like to be able to tell every goitre sufferer what Sorbol-Quadruple has done for me. If any one cares to write, I will give them my personal experience. My goitre, which was on both sides and in the middle, was very hard, large and unsightly. About a year ago I used two bottles, which entirely reduced both sides and the center was made much smaller. Like many people will, I neglected to use any more or I would have been completely relieved by this time. A short time ago, I began using it again and the little hard lump in front is getting softer and smaller. My goitre was 24 years standing. I had no ill effects from using Sorbol-Quadruple. It did not interfere with my regular work." Sorbol-Quadruple comes in small bottle containing enough for most cases. Requires ten minutes daily. Get further information at Blackmer & Tanquary's, drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio. Adv.

REVERENCE SHOWN
IS ON INCREASE

The practice of removing the hat when passing beneath the Memorial Arch on the court house lawn is growing, and this reverence shown is, in itself, a glowing tribute to the brave men in whose memory the arch was erected.

The beauty of the arch never fails to attract attention of visitors in the city, and every day strangers may be seen inspecting the huge memorial with the result that the fame of the arch is being spread not only all over Ohio but into surrounding states.

Clarence Taylor, aged about 30 years, employed at the Curtis Ormman Garage on Gregg street, was seriously injured, late Wednesday afternoon, while at work on an automobile by being crushed against the wall of the garage when the automobile upon which he was working suddenly lunged forward. It seems the clutch had been left so that when the engine was started the car unexpectedly moved forward.

Mr. Taylor was picked up in an unconscious condition and taken to the Hodson Hospital, where he is now recovering slowly from the injuries sustained.

His chief injuries consisted of a badly crushed chest, but it is believed that unless unforeseen complications develop, he will soon recover. His escape from death was miraculous.

ALBINO RACCOON
AT STATE HATCHERY

One of the numerous attractions at the State Fish Hatchery, three miles west of London on the Springfield pike, which is usually the mecca for visitors at this period of the year, is an albino raccoon which never fails to attract its share of attention.

The raccoon is a light yellow in color and could easily be mistaken for some other animal. It was captured in Central Ohio and turned over to the State Hatchery sometime ago.

The hatchery is open to the public and a large number of Fayette countyans have visited the place this spring. The hatchery is located one mile west of the Ohio State Prison farm.

BIG FEATURE SHOWN
FOR THE WEEK END

Two big feature pictures are being shown at the Colonial and Wonderland theaters for the week end.

"The One Woman," written by Thomas Dixon, Author of the "Birth of a Nation," is a tremendous production a Barker-directed picture which insures its success.

It is a wonderful screen story of Americans, the War and the Red Cross, superbly produced, brilliant psychological drama of today, with a whirlwind finish.

The cast of players is exceptionally fine, including the well known English actor, W. Lawson Butt, who will be seen in the role of Gordon; Adda Gleason, who will be remembered for her sterling interpretation of the title role of "Ramona," when presented upon the screen about a year ago, as Ruth Gordon; Clara Williams and Herschel Mayall, who did so much as heroine and villain, respectively, to make "Carmen of the Klondike" the success it proved to be, as Kate Ransom and Overman; Joseph J. Dowling as Van

Meter; together with Mary Jane Irving and Ben Alexander portraying the sympathetic roles of the children.

The thrilling mob scene in the "temple of man" is claimed to be one of the most realistic scenes ever filmed.

The big attraction at the Wonderland Thursday and Friday is Mme. Petrova in "The Life Mask," a mystery play of absorbing interest, presented in a patriotic atmosphere.

In "The Life Mask," the famous Polish star offers a characterization entirely away from anything she has previously done in films. She has adapted herself admirably to the "mystery drama" atmosphere which pervades the production throughout, and her performance in the third starring vehicle, made under the banner of her own picture organization, is a remarkable example of her versatility and true histrionic ability.

The entire Red Cross Chapter of Florida appears as a background during the major part of the story.

Scenes were photographed by special permission in the beautiful grove at Miami and the array of luxuriant palms formed a most attractive tropical background for the picturesque white uniform of the Red Cross workers.

MISS POST GRANTED
H. S. LIFE CERTIFICATE

Miss Grace Post, eldest daughter of Mr. and Mrs. Tasso Post, of the Creek road, has been granted a high school life certificate by the State Board of School Examiners. By this she is entitled to teach in any high school in the state of Ohio without any examination.

Miss Post received this certificate through her college work and, provisional certificate of four years ago.

For a number of years she has been an efficient member of the corps of teachers of the county and it is with much interest that her friends are learning of the reward of her ambitious efforts.

Miss Post has been re-elected to teach in the Good Hope high school next year.

ROAD REBUILDING
HAS BEEN DELAYED

Indications are that State Aid funds for the rebuilding of some four miles of the Leesburg pike, to the Highland county line, will not be available until some time in July, and it is possible that work on the road may not begin until late the coming fall.

County Commissioner Perrill, who visited the State Highway Department this week, was asked to return in July, at which time it was expected definite action would be taken.

When the four miles of road has been completed the Leesburg pike will be in first class condition to the Highland-Fayette county line.

Get Busy

That great branch of the secret service forces of the nation—the Protective Association—an organization of home folks in every community, practically numbering the whole of the loyal citizenship, should be revived until every last anarchist is run down, deported, imprisoned or executed.

This I. W. W., Bolshevik craze must be cured in its incipient stages and there is only one cure, that is to identify and extract the germs of the trouble from the body politic.

The series of outrages like those of Monday night are planned and carried out by a few wild devils who seek, by staging their crimes simultaneously at widely separated points in the country, to create the impression of widespread disaffection with the government and a large number of adherents.

When the criminals are apprehended by the Department of Justice officials they will be found to be few in number, possessing low and retreating foreheads, an apology for a chin, few clothes, little mental capacity, devoid of all moral sense and, in every other way, tallying up exactly with the lowest order of criminal, as lacking in human feeling and human impulse as the poisonous reptile of the jungles and swamps but yet possessing a low order of cunning which must be watched and overcome by the intelligence and good impulses of normal human beings.

That means action—prompt and decisive. It means that every loyal citizen must get busy, constitute himself an inspector and officer and report every suspicious individual to the federal authorities, watch his mail closely and forward every "oil color" circular or communication to the United States officials. Nothing is too small to be passed up.

Get busy.

Mexico

Our next door neighbor, Mexico, seems determined, now that the larger event, the world war, is becoming a past event, to assume the leading role among the national sensations.

While there was much sensational, in the way of rumor, coming out of Mexico during the war, yet, on the whole, events were comparatively quiet in Carranza's republic. Had the larger event not compelled attention, however, we suspect that there would have been more heard about Mexico during the period of the war. The governmental pot in Mexico has never ceased to boil violently even when we were so engaged in our other tasks that we were unmindful of it.

The human impulse is to send an army into Mexico and straighten out the tangled conditions, set up a real government and police the country until it is well established, but we must not be too quick to jump to conclusions in so grave a matter.

Indirectly Mexico's failure to maintain a government results in a positive detriment to the United States in more ways than the disturbance of the few heavy investors in mine and timber properties. Mexico as a trouble zone bars our pathway to Latin America, effecting vitally all the business of the nation. If Mexico would settle down a railroad to the nations of South America would soon be a reality.

While we are anxious to the point of impatience we must not, in justice, override Mexican rights because of our very laudable ambitions. Even our good wishes for the future of Mexico would not justify such a course.

Junking Battleships

The announcement comes from Washington that twelve pre-dreadnaught battleships will be retired at once from active duty with the fleet.

That means, of course, that within a very short time these sea battlers costing staggering sums of money to build and equip will soon be dismantled and broken up into junk or, with their available parts removed, towed far out to sea and used as a target at which the gunners on the more modern battleships may fire the huge projectiles of the modern big guns, for practice.

Sooner or later these gallant old ships will be either unrecognizable bits on the navy's big junk heaps or resting, with their sides pierced by shell shots, at the bottom of the ocean, a refuge for the strange things that live under the surface of the water.

Particular interest centers upon the fate of the Oregon. There is considerable sentiment attaching to that old ship which Captain Clark, before the days of wireless, piloted safely around The Horn from the Pacific Ocean, to join the Atlantic Fleet off Cuba at the outbreak of the war with Spain.

A nation followed anxiously that memorable voyage and millions rejoiced when Captain Clark announced that the Oregon could take care of herself against the whole Spanish fleet.

Sentiment demands a better fate for the old Oregon than her memories.

POETRY FOR TODAY

THE EVERLASTING

And what are things eternal?—Pow-
ers depart,
Possessions vanish and opinions
change,
And passions hold a fluctuating seat;
But, by the storms of circumstances
unshaken,
And subject neither to eclipse nor
wane,
Duty exists; immutably survive,
For our support, the measures and
the farms
Which an abstract intelligence sup-
plies;
Whose kingdom is where time and
space are not.
Of other converse, which mind, soul
and heart
Do with united urgency, require,
What more, that may not perish?
Thou, dread Source,
Prime, self-existing Cause and End
of all
That, in the scale of being fill their
place,
Above our human region, or below,
Set and sustained—Thou, who didst
wrap the cloud
Of infancy around us, that Thyself,
Therein, with our simplicity awhile,
Mightst hold, on earth, communion
undisturbed—
Who from the anarchy of dreaming
sleep,
Or from its death-like void, with
punctual care,
And touch as gentle as the morning
light,
Restor'st us daily to the powers of
sense,
And reason's steadfast rule—Thou,
Thou alone
Art everlasting, and the blessed spir-
its,
Which Thou includest as the sea her
waves.
This universe shall pass away—a
frame
Glorious, because the shadow of Thy
might!
A step, or link, for intercourse with
Thee.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This does, you can live to be a hundred and enjoy the good things of life with as much "zip" as you did when in the prime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly acid accumulations from your system. Take GOLD MEDAL Haeften Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerve and elastic muscles. GOLD MEDAL Haeften Oil Capsules are imported direct from the laboratories at Haeften, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

STOLEN AUTO

CLAIMED BY OWNER.

The Ford Touring car abandoned in Millwood the night of May 27 and since held by D. L. Moore, chief of police, will be returned to day to the owner, O. B. Black, of Columbus, Ohio.

This owner can claim he is lucky to ever hear of his car. It was stolen at Newark, Ohio the night of May 26. It was in a private garage and equipped and had in use a well known lock. The thieves not only went through this lock but threw away the license tag then destroyed the motor number so it was impossible to trace the ownership. The only clue was some contracts under rear seat addressed to Neil & Black Pickerington, O. This place was called with no results. The printer's name being on the wrapper he was called at Canal Winchester and said the printing was mailed to Pickerington, but the firm was in Columbus. Then this firm was called and Mr. Neil said if their car was gone he didn't know it as Mr. Black had it and was in Newark. As a last resort the Chief of Police at Newark was called and asked to find out from Mr. Black why his advertising was in this car. The chief at once said it was Mr. Black's car and that they would come for it today. This car was recovered by good luck.

The safe way—Auto Fire and Theft Insurance.

FARM NOTES

Warm Weather Causes

Fertile Eggs To Spoil.
Warmer weather is causing the rapid spoilage of fertilized eggs according to egg dealers. Poultry specialists join with them in recommending the production of infertile eggs, since the male has no influence whatever on the number of eggs produced. The development of the embryo begins at 68 degrees Fahrenheit. A temperature of 85 degrees for three or four days or a temperature of 100 degrees for 24 hours may cause sufficient development of the embryo to make the egg unfit for food. An infertile egg may be subjected to a temperature of 100 degrees for a week or ten days and still be perfectly good for cooking purposes. By keeping such eggs cool, they may be kept in good condition indefinitely.

Course In Small Fruits.

"Small Fruits" is the title of a new correspondence course of seven lessons just issued by the Agricultural College Extension Service, Columbus. It treats of strawberries, raspberries, blackberries, gooseberries, and currants. Among the topics taken up are the soils for which they are adapted varieties, cultivation, fertilization, mulching, control of diseases and insects, harvesting, marketing, yielding, and profits. Anyone in the state may enroll in this course without cost. Personal questions will be answered by faculty members as the students pursue their work.

This is the twenty-fourth course in agriculture and home economics to be offered by the agricultural college.

Farm Bureaus Planning

Wheat Field Day Tours.
Farm bureaus in a large number of the counties in central and northern Ohio are planning automobile tours to attend the annual wheat field day at the Ohio Agricultural Experiment Station, at Wooster, on June 27. At that time the latest results of experimental work will be observed and correlated with local demonstrations of the farm bureaus.—Ag. Extension Bulletin.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Two Y. W. C. A. secretaries returned from France in the prison cell of the army transport Plattsburg on her last trip. They were Grace Goulder of Cleveland, O., and Mary Andersen of Hudson, Wis.

Miss Goulder had been in France, Germany and England for the past six months as a representative of the publicity department of the National War Work Council and Miss Andersen had been, for 14 months, Y. W. C. A. secretary in charge of a nurses' hut at an army hospital.

They came from Liverpool via Brest with some 60 English war brides and 15 children. It was the first time that Y. W. C. A. secretaries had accompanied either French or English wives of American soldiers on their trip to their new home. The army order came so late that the prison cell was the only available cabin on the boat. Accordingly it was turned over to the Y. W. C. A. workers.

Both secretaries acted as a continuous information service on the trip. They answered questions about how many hours it takes to get from New York to Seattle, Wash., gave lectures every day on the geography of the United States in order that the new citizens might have some understanding of the vastness of the country, gave lectures on American customs, cooking and styles.

The brides varied in age from 17 to 42 years. To some of them America was an almost undiscovered country. Others were well ac-

quainted with it through friends or through reading.

Officials of the boat were delighted to have been relieved of answering technical questions of American housekeeping and the brides were glad to get the authentic information which only a woman would give them.

The second in the series of May recitals given by Miss Light's pupils was given Wednesday afternoon and delighted the nice audience assembled at her studio.

The program presented some very attractive American compositions, all exceedingly well played. As on the previous day it was all American. Assisting were violin pupils of Miss Kessler, who did very good work, and Miss Louise Melvin, voice pupil of Miss Edith Gardner. Miss Melvin has a pretty voice of light, lyric quality and made a very pleasing first appearance.

Miss Lizzie Ellen Green proved herself a most sympathetic accompanist.

The guests lingered after the program for a social hour.

The regular meeting of the Woman's Foreign Missionary Society of Grace M. E. Church met at the home of Mrs. Scott Hopkins Wednesday afternoon, with Mrs. T. M. Saxton, Mrs. J. W. Hughey and Mrs. Charles Parrett assisting hostesses.

Twenty five members with a few visitors were present. In the absence of the program leader, Mrs. C. A. Teeters, Mrs. G. S. Hodson was in charge. Mrs. Kennedy the President opened the meeting and Mrs. Williams Craig led the devotionals.

Mrs. Hodson gave a comprehensive talk on Jubilee work and the Auxiliary voted to make the outgoing president Mrs. Kennedy and the newly elected one, Mrs. Alice Adams M. O. G. H. members of the Jubilee. Mrs. Eva Penn and Mrs. Homer Samson were added to the membership roll.

Mr. and Mrs. Walter D. Craig entertained at their summer cottage at "Cedarhurst" with a delightful family dinner in honor of the birthday of Mr. Craig's brother, Robert, Wednesday evening.

Fifteen were seated for a most appetizing dinner, featuring camp delicacies, and entered into the boating

and recreation of the resort in the merry evening which followed.

Lt. T. H. Craig, who is just back from a year of over seas service, shared in the honors of the evening and the family circle greatly enjoyed the glimpses he gave of life "over there" as it had come within his own experiences.

The Annual dinner given at the Children's Home to the Trustees of the home and the County Commissioners and their wives passed off most successfully on Wednesday, with Supt. and Mrs. T. S. Pinkerton serving an elaborate dinner and showing their guests every courtesy in the line of entertainment.

June roses and peonies from the home gardens adorned the table and through the windows the beautifully kept grounds in all their wealth of summer bloom, made inviting pictures.

Emma Marchant catered.

The Trustees, Messrs. George Jackson, M. L. Dickey, Mart L. McCoy, James Perrill and Commissioners Messrs. Lewis Perrill, J. Williams, Howard Hagler and their wives were seated with several additional guests including Dr. D. H. Rowe, the Home Physician; and Mrs. Rowe; Mrs. Lucy B. Franklin, Probation officer; Miss Mary Robinson, head Red Cross Home Service Department, Mrs. Carrie B. Willis, Chm. Y. W. C. A.

The day was one of both interest and pleasure.

Misses Hattie and Mabel Pinkerton assisted in the hospitalities.

Mrs. Elmer Noble hospitably entertained the Philathea Club at its social session this week.

A dainty luncheon was served and pink and white the color scheme.

A committee of twenty-five Knights is busily at work preparing for the K of P. dance at the Castle Friday night, June the sixth, electric fans and a free use of ice will insure coolness and add greatly to the pleasure of the dance.

Music will be furnished by the Washington Orchestra.

A number of out of town guests are expected.

Dr. and Mrs. Hugh Hildebrand, of Ann Arbor, Mich., are the guests of Dr. and Mrs. Paul Hildebrand.

Dr. Hildebrand received his discharge as First Lieutenant in Medical Corps, at Camp Dix, N. J., soon after his landing in New York on May the 19th, following two years of overseas service.

The ear which he lost in service has been satisfactorily replaced by the plastic work of a French surgeon and Dr. Hildebrand says he is "feeling fine."

Dr. and Mrs. Hildebrand who were married just before he sailed for Europe, have been enjoying two weeks at Atlantic City, N. J., from where they came to his brothers home in this city.

Mrs. Herman Price gave a very beautiful birthday dinner Wednesday evening at six o'clock in honor of the thirteenth birthday of her bright young daughter, Genevieve.

The table was laid with twelve covers and artistically decorated in pink roses and greenery, while the pink and white was daintily introduced in the delicious menu served. The girls matched numbers with the place cards to find their places, at which the favors were crepe caps of all colors and shapes.

Between courses there was great fun toasting marsh-mallows, over the flames of lighted candles brought individually to the guests.

After a merry hour at the table there was a theatre party to the Palace to see Kitty Gordon in "The Unveiling," the entire entertainment meeting with the unqualified approval of the young guests.

Mrs. Price was assisted in the hospitalities by her sister, Mrs. Jess Feagins and Mrs. H. R. Rodecker.

The guests included Elizabeth Hicks, Louise Fenner, Dorothy Donohoe, Charlotte Hazard, Mary Anne Story, Helen Sunkle, Mildred Todhunter, Marjory Sparks, Amelia Pensyl, Jean Worthington and Helen Rodecker.

Mrs. Charles Himmler extended the hospitality of her pretty bungalow on the corner of Cherry and South Fayette streets to the Fairview S. S. C. E. Wednesday afternoon.

It was an unusually interesting meeting with fifty in attendance.

Rev. Stoffer pastor of the Fairview church gave a very instructive talk on the "History of the Armenian."

Three excellent papers were read by Mrs. Dora Shobe, Miss Gerhardt and Miss Frances Porter. The musical

MADE DOUGHNUTS AT
U. S. MILITARY BALL

Capt. Pearl Hamilton.

Capt. Pearl Hamilton, the adopted daughter of Commander Evangeline Booth, made a special trip to Washington recently to make doughnuts for the grand military ball given to open the Salvation Army drive in the national capital. The doughnuts were made in exactly the same way as those made by Capt. Hamilton for the soldiers in the trenches in France, and they are said to be the cause of the unprecedented success of the affair.

part of program was a greatly enjoyed feature of the afternoon. Mrs. Laura Hegler and Mrs. Arnulda Junk sang a vocal duet, and Mrs. Himmler and Mrs. Damon Baker added a piano duet. Little George Baker sang a cunning solo.

A social hour was greatly enjoyed and tempting refreshments were served.

Mrs. Mary Backenstoe leaves Friday morning for Nitro W. Va. to spend a month or six weeks with her son Billie Backenstoe.

Mrs. W. T. Holmes and grand daughter, Miss Mary Elizabeth Holmes are guests of Mrs. Wm. Murray of Circleville for the week.

Miss Dorothy Bush came up from Cincinnati, where she is attending Mt. Saint Joseph's Academy to attend the funeral of her grand father Mr. I. H. Carman, Thursday afternoon.

Mr. and Mrs. Charles U. Armstrong and Miss Irene Tobin made a motoring trip to Xenia, Wednesday.

Miss Jane Paul is spending a few days in Columbus with friends. She will return Saturday.

Cary Gidding of Milledgeville and Aloysius McDonald left Thursday morning on a motoring trip to Chicago.

Mrs. Etna Mowery and son, Virgil are spending the week with Mrs. Mowery's mother, Mrs. J. W. Kimball while Virgil is recovering from an operation for adenoids several days ago.

SMART BONNETS FOR
MISS TEN YEAR OLD

Here are two smart satin hats which the little girls will like. One is made of plaited navy satin in coronation style. It fits snugly to the head defying ocean breezes. The other is brown satin cleverly fashioned from braided strips of the fabric. Little rosebuds of roses, mignonette, a violet and a buttercup are placed at intervals around the crown.

Akron, O., June 4.—The first outline of the program for the Sixtieth annual convention of the Ohio Sunday School Association has been announced by Arthur T. Arnold, state secretary of the association. The convention will be held in this city June 17, 18, and 19. The principal meetings will be held at the Armory, which has a seating capacity of 3,500.

Men and women of national and international reputation have been obtained for the program. Among the more important of these is Margaret Slattery, of Boston, just back from France where she has been doing special work for girls.

In the educational field some of the speakers will be Bishop Edwin P. Hughes, of Boston, bishop of the Methodist Church; Frank L. Brown, of New York, secretary of the World's Sunday School association; Dr. W. E. Chalmers, of Philadelphia, president of the Sunday School Council of Evangelical Churches; and Marion Lawrence, of Chicago, general secretary of the International Sunday School association.

LABOR MEETING IMPORTANT ONE

Southport Eng., May 15 (By Mail).—The labor conference to be held here June 25, will take up important problems growing out of the war including resolutions calling for the withdrawal of troops from Russia and condemning conscription. One section of the labor element demands that industrial action be taken to abolish conscription.

Other subjects to be voted upon are the control of industry, national finance, education, old age pensions, the settlement of the land question and the delay in providing homes.

If nations were as deliberate in deciding on war as they are in agreeing on peace there would be no war.

Reports from France indicate that in all probability Major Rell G. Allen and Lieutenant Forrest Smith, of this county, may not be released from overseas service to return to this city until sometime in late July or first of August.

It is expected that Lieut. Saxton and Sergeants Briggs and McLean also will be released from duty to return about the same date, although this is still somewhat uncertain.

It is expected that when the officers do reach this city that they will be given a rousing reception.

ACCOUNTANT HERE
AUDITING BOOKS

Thomas Q. Bowles, of the State Bureau of Auditing and Accounting is in the city for the purpose of auditing the county accounts—a task which in all probability will require several weeks as the accounts of the county have not been audited since 1917.

Mr. Bowles, a very courteous official, was last in this county engaged in auditing the books some six or seven years ago and expresses his pleasure at being back among former friends and acquaintances.

SUFFRAGE IS ADOPTED BY SENATE

After Forty Year Fight Suffrage Constitutional Amendment is Passed.

OHIO READY TO ACT

Vote in the Senate was 56 to 25 or Two More Than Necessary Three Fourths.

(By Associated Press.)

Washington, June 4.—Action by Congress on equal suffrage subject of a fight of forty years' duration—ended late today in adoption by the Senate, by a vote of 56 to 25, of the historic Susan B. Anthony constitutional amendment resolution.

The proposed amendment adopted by the House by a vote of 304 to 80 May 27, as the first act of the new Congress, now goes to the states for ratification by legislatures of three-fourths of which is required for its incorporation in the federal constitution.

The roll call today showed two votes more than the necessary two-thirds.

The resolution was drafted by Susan B. Anthony in 1875 and introduced by Sen. Sargent of California in 1878. Counting ailed and absent members, the Senate actually stood 66 to 30 for the measure.

Loud applause unchecked by the presiding officer swept the Senate chamber when the final vote was announced following two days' debate and many jubilation meetings were in progress at headquarters of various women's organizations, which have been active in support of the measure. Immediately after the Senate's action the resolution was taken to Speaker Gillette's office and signed. It was rushed back to the Senate for its presiding officers' signature but arrived after the Senate had adjourned and was approved Thursday.

President Wilson's signature, it was stated, is not necessary, although the

resolution will be sent to the White House as usual and may be signed by the executive. It will be certified to the States by the State Department.

OHIO READY

(By Associated Press.)

Columbus, O., June 4.—Ohio may be one of the first states in the union to ratify the federal suffrage amendment. Both houses of the General Assembly are strongly in favor of woman suffrage, and it is believed that they will follow the wishes of the Ohio Woman Suffrage Association to the date the proposal shall be approved.

Mrs. Dora S. Bachman, of Columbus, vice president of the Association declared tonight that the legislature would be asked to ratify at the recess session, which will begin June 16.

HUN WRITERS EMPLOY FICTION REGARDING YANKS

Coblenz, May 3.—(Correspondence of The Associated Press.)—Some fantastic fiction is published in German newspapers by writers from Frankfurt and Leipzig who have visited Coblenz and returned home to write whatever they may please about the American army. Many of the stories they tell are new to the officers of the Third Army who count them as German propaganda.

One writer of a long article in the Leipzig paper dealing with life in Coblenz relates alleged instances of ridiculous sentences imposed upon Germans by the American army courts. In one case he says that the wife of a government official, "annoyed on the street by a drunken soldier exclaimed in her anger: 'If only all the Americans would go to the devil.'" The military court, he says, punished her for "this religious wish" by sentencing her to appear every morning for thirty days at the headquarters of the commanding officer and repeating to those present the phrase: "I am glad that you are still here, gentlemen, and it is my wish that you continue to stay here for a long while."

Reports are that the Hohenzollern ex-Kaiser is raising a beard, which is an improvement on what he has been raising for the last four or five years.—Philadelphia Press.

GERMAN MAILS CARRY APPEALS FOR COMMERCE

With the American Army of Occupation, April 28 (By Mail)—German mail passing through the American censorship recently has been made up principally of letters relating to resumption of commercial relations with the United States, Great Britain and France. Dealings in clothing materials and articles of clothing take up a predominant place in the letters referring to business matters and from indications in the mail it would seem that a great deal of cloth is being imported into occupied Germany from France and Alsace-Lorraine.

The head of a chemical works in Winkel and Weisbaden, writing to a New York concern, says that since commercial relations between the United States and the occupied territory of Germany are about to be renewed, he desires to order at once several hundred tons of phosphates. He believes he will be able to arrange for the import permit for this shipment. Quotations F. O. B. at Antwerp or Rotterdam are requested, payments to be made from credits which the firm still has in America.

In a circular trade letter a bank in Hamburg says that in event the German vessels surrendered to the Allies are not returned it would be the duty of the government to replace the lost tonnage. The letter sets forth also that the shipbuilding industry is in position to turn out a million tons of shipping a year, and that materials such as lead, steel and copper are at hand in sufficient quantities to carry out this program.

Shoemakers throughout the American occupied area recently have been buying leather scraps from the third United States Army, this leather having been abandoned by the German army after the armistice. In Coblenz along it is estimated more \$1,000,000 worth of leather was found by the Americans in the various storehouses of the Eighth German army corps.

According to the letters there appears to be no shortage in Germany of metals such as steel, iron, zinc and tin and there are enormous stocks of machinery of various kinds on hand. Lack of coal and inadequate transportation facilities, such as shortage of freight cars, are the deciding factors in curtailing the business and industrial activities of the country.

WILL CO-ORDINATE HEALTH BOARDS

(By Associated Press.)

Columbus, O., June 5.—Activities of the 100 local health departments authorized by the Hughes health district bill, recently passed by the Ohio legislature, will be co-ordinated and standardized by the State Department of Health through a staff of eight district supervisors.

The state will be divided into eight districts, with one of these new officials in charge of each. Local health departments, however, by the terms of the Hughes law are left independent in matters of purely local concern.

The district supervisors will be added to the staff of the State Department of Health after July 1, when the appropriation for their salaries will become effective. The places will be filled by civil service examination.

BUDAPEST WAS PAINTED RED BY RADICALS

By Associated Press.

Princeton, N. J., June 5.—The Communists, or Bolsheviks, painted everything red in Budapest until the paint supply was exhausted, according to an American officer who recently visited that Hungarian city. This fact was mentioned in a letter written by another American officer attached to the Peace Conference who wrote from Vienna on May 1, his letter coming through by way of Paris in unusually fast time.

The writer apparently did not proceed beyond Vienna but received his information concerning the decoration of Budapest with red paint from another American officer who had just returned from that city. The writer said that American money was worth much more to the people of Vienna than their own paper money.

"The dollar now buys thirty kronen where it used to buy only five kronen," he wrote. "So we Americans are all rich. There are five or six American officers and an American mission in Vienna, and the Americans are well-liked here, getting favors in the hotels, restaurants and theaters. Still people stare at us quite openly when we walk down the street. One sees quite a few German and Austrian officers and soldiers on the street."

It has been suggested that the Fayette Auto Club work in conjunction with the city officials towards formulating plans that will safeguard the public.

PRUSSIANISM STILL EXISTS CLAIMS WRITER

London, April 17. — (By Mail) — While the attention of the Allies is concentrated on the Germans along the Western front, German government officials in Schleswig are preventing the Danes, who have the consent of the Entente, from shipping food to their own needy countrymen in Schleswig.

This information has been received here by Edmund Gosse, well known English literary critic. "I learn," he said in a letter to the Morning Post "that the burgomaster of Flensburg declares that the hungry inhabitants of that town, the largest in Schleswig have no need of Danish food."

The same German official, according to Mr. Gosse's information has refused passports to any families in the town and district of Flensburg to cross over into Denmark to accept an offer of Jutland and Funen to receive several thousand Danish-speaking Schleswig children. "If Danes in Flensburg dis like German rule," he puts it, "they may starve."

Mr. Gosse terms as "scandalous" the treatment of Schleswig soldiers repatriated through Denmark.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrat-
 ing, Antiseptic Liquid

It is unnecessary for you to suffer
 with eczema, blotches, ringworm, rashes
 and similar skin troubles. Zemo,
 obtained at any drug store for 35c or
 \$1.00 for extra large bottle, and promp-
 tly applied will usually give instant relief
 from itching torture. It cleanses and
 soothes the skin and heals quickly and
 effectively most skin diseases.

Zemo is a wonderful, penetrating,
 disappearing liquid and is soothing to
 the most delicate skin. It is not greasy,
 is easily applied and costs little. Get
 it today and save all further distress.

SUMMARY FOR CORN
AND WHEAT REGION

Week Ending, June 3rd.

As a result of highly favorable
 weather conditions throughout the
 week, the seeding of oats was prac-
 tically completed and excellent pro-
 gress was made in the planting of
 corn; early corn is coming up nicely
 and some has been given its first cul-
 tivation. The growth and condition
 of winter wheat, rye, clover, oats,
 meadows and grass were very good to
 excellent. Rye is now in almost full
 head and winter wheat is heading
 rapidly. There is some little com-
 plaint of rust smut and blackheads
 in the wheat in a few localities. Gar-
 dens are still very backward owing to
 the delay in planting and it is said
 the early potato is suffering from blight in some
 places. There was little if any im-
 provement in the fruit prospects;
 apples and peaches are said to be
 "dropping" badly in places.

Summary of Weather and Crop
 conditions in the corn and wheat re-
 gion for the week ending June 3, 1919.

The weather was most too cool for
 the best growth of vegetation in
 many southern and western states,
 there being some damage from frost
 in the central Rocky Mountain and
 extreme northwestern districts. Very
 beneficial showers occurred in Mon-
 tana and the central mountain and
 plateau districts, while the warm dry
 weather that prevailed from the up-
 per Mississippi Valley eastward was
 very favorable. The development of
 the winter wheat crop continued sat-
 isfactory to very good in most sec-
 tions while the rain was beneficial in
 the Northwest. The present condition
 of the winter wheat continues mostly
 very good to excellent. Favorable
 weather prevailed in the spring
 wheat belt and the progress of this
 crop was generally very good to ex-
 cellent except where too dry in some
 of the western localities. The week
 was the most favorable of the season
 for work in the cotton states and sat-
 isfactory progress was made with the
 planting and cultivation of this crop
 except where interrupted by heavy
 rains in the lower great Plains States
 and much of the South. The weather
 was favorable to oats, rye, barley and
 also truck crops except that there
 was some damage to the latter in the
 Rocky Mountain States and the North
 west from frost. Pastures and grass
 fields generally have improved and
 the week was most favorable to fruit.

 Meteorologist.

JIM THORPE MAY
BE DEPRIVED OF
CHANCE TO SHOW

Jim Thorpe.

Jim Thorpe was a tickled Indian
 when the Giants recently sold him
 to the Braves. He has always be-
 lieved that he could soon overcome
 his weakness as a batter if given a
 chance to play regularly. He never
 had this chance with the Giants. He
 saw his chance with the Braves, who
 planned to make him a regular out-
 fielder. But Jim has been recalled
 by the Giants because of the refusal
 of Davey Robertson to join the Pi-
 rates and complete a three-cornered
 deal.

WHEAT PRICES
AGREED UPON

(By Associated Press)

Columbus, O., June 5.—An under-
 standing as to the price to be paid
 the farmer in Central Ohio for wheat
 has been reached here at a confer-
 ence on wheat grading and marketing
 attended by two hundred county farm
 bureau officers, farmer delegates,
 grain dealers and millers.

The following scale was agreed on
 for the counties of Scioto, Lawrence,
 Pickaway, Fairfield, Madison, Frank-
 lin, Licking and Union: At the ele-
 vator, for No. 1, \$2.11 to \$2.13; No. 2,
 \$2.08 to \$2.10; No. 3, \$2.04 to \$2.06.
 Farmers were cautioned against forc-
 ing their grain on elevators at times
 when they are filled to capacity and
 against accepting prices substantially
 below those agreed upon.

A series of fifteen conferences will
 be held in various parts of the state
 to work out plans to handle the wheat
 crop in a way mutually beneficial to
 the farmers and grain dealers.

"NEUTRONE PRESCRIPTION 99"
 CURES AND KEEPS THEM CURED

Rheumatism had been considered in-
 curable until "Neutrone Prescription
 99," a combination of rheumatic reduc-
 ing elements, was placed in the hands
 of its thousands of sufferers.
 "Neutrone Prescription 99" is a
 specific positive in its action, quickly
 removing all aches and pains in in-
 flamed joints and muscles, and limber-
 ing them up in a way that would
 surprise you.

"Neutrone Prescription 99" will re-
 lieve the worst symptoms in the most
 severe cases of Rheumatism within
 one or two weeks. Go get a 50c or
 \$1 bottle and watch it work. Nothing
 has ever done what this prescription
 will do. Mail orders filled on \$1 size.

FATHER PINS ON
HIS WAR MEDAL

(By Associated Press)

Columbus, O., June 5.—The unique
 distinction of having his Croix de
 Guerre, won by gallant conduct in
 the battles northwest of Chateau
 Thierry, pinned on him by his father,
 Commodore R. G. Denig belongs to
 Major Robert L. Denig of the Marine
 Corps. Commodore Denig is a native
 of Columbus.

The ceremony took place before a
 battalion of Marines at the Philadel-
 phia Navy Yards. Major Denig, who
 already had received the American
 distinguished service cross, com-
 manded the First Battalion, Ninth In-
 fantry (Regulars) of the Second Di-
 vision, although himself a Marine of
 ficer.

MODEL SYSTEM
THAT IN CHIC

(By Associated Press)

Columbus, O., June 5.—The Ohio
 Vital statistics system has been re-
 commended by the federal authorities
 as a model for a system to be in-
 stalled by the government in the pro-
 posed new state of Palestine. Dr. J. E.
 Monger, head of the Ohio bureau, has
 been directed by the federal Depart-
 ment of Commerce at Washington to
 send a complete set of the bureau's
 blanks to the Palestine Bureau at
 New York. Several requests have
 been received in the last several
 years by the Ohio bureau from for-
 eign countries for information about
 the Ohio system. The Ohio law is
 regarded as the most complete in the
 United States. It is said.
